- Financial, Sentencing, Disposition, Miscellaneous and are outstanding (32 reports)

## □ Cleanup Scripts for CourTools

### ▣ Case Status History Table

- Waiting for courts to OK applying to Production DBs

### ▣ Case Status Mapping

- Script complete- waiting for IT Ops to run in Prod Support DBs

# Report Statuses

- System Reports
  - ▣ 39 of 50 are Usable
  - ▣ 8 of 50 are Unusable
  - ▣ 3 of 50 were deemed “Not Required”
  
- CourTools
  - ▣ 8 of 8 are Usable

## **Status Definitions and Totals (Includes System Reports and CourTools)**

**Usable:** – Report is available and provides correct data. There may be outstanding QCs to improve usability or look.

**Unusable:** - Report is not ready for use. Maybe table setup, missing parameters, invalid or missing data, or bug prevents report from running

**Not Required:** - Report is unnecessary or of no value and should be removed from library.
